Dashboard / Preferences / User account / Change password

IIT Jammu GEN AI C2 Message

Password has been changed.

1. Enter Current Password

Enter the current password: Welcome@123.

2. Set New Password

Enter your desired new password in the 'New password' field.

3. Confirm & Save

Re-enter the new password and click Save changes.

4. Continue

Click Continue to access your LMS dashboard.

Dashboard Screen

Key Dashboard Areas

1. My Courses

All enrolled courses appear in the My Courses panel.

2. Events Tab

View scheduled events by month, week, or day.

3. Notifications

See pending alerts and messages at a glance.

4. Continue Learning

Resume your most recently accessed course instantly.

5. Performance

Track learning hours, attendance, and gamification points.

Dashboard Screen

- The Dashboard shows your enrolled modules in the **Course Overview** block.
- You can also have a **"Continue Learning"** block that shows the most accessed course.
- **Learning hours** indicate the total time you've spent on the platform.

My Courses Page

On-going Course

1

On-going Courses shows your current active courses.

2

Star your favorite courses — they'll appear under Starred Courses.

3

Completed courses appear under the Completed Courses dropdown (e.g., Module-1).

My Courses Page

Starred & Completed Courses

This section displays the courses starred by the user.

This section displays the Completed courses/Modules to the user.

Performance Page

Gamification

Earn activity points for completing quizzes and assignments — points raise your level.

This feature motivates users by tracking daily activity streaks and displaying engagement through a calendar view.

The Search feature allows users to quickly find courses and activities within the LMS.

Performance Page

Attendance

Weekly and monthly attendance statistics are shown here.

This Performance page allows students to track their course-wise attendance month by month using an easy-to-understand graphical view.

This Performance page allows students to access and review their grades for each registered course in a clear and organised manner.

Academic Information- Attendance

To View Attendance Details

1. Open the Forum

Log in to the LMS and click on my courses, then navigate to respective course module.

2. Open the Attendance Tab

Within the Course module, navigate to the Attendance tab.

3. View Attendance Details

Click on the Open button next to the relevant attendance record to view the detailed attendance information.

4. Check the Attendance Overview

In the course wise attendance section, you can view the Attendance Trend Graph, which provides a visual summary of your attendance percentage and progress over time.

[Go to calendar...](#)

1

Click on the course start this will navigate you to the course and u can find all the tab under course overview page.

2

Click the slide toggle to open the right-side drawer with Calendar, Upcoming Events, and Course Completion sections. The Calendar view shows scheduled events by day, week, or month.

3

You can navigate to any tab by clicking on it; you can even import or export your calendars.

Course Overview Page

Course Navigation & Features

Navigation Tabs

- **General:** View official announcements and course updates.
- **Live Session & Recordings:** Access live class links (Zoom) and watch session recordings.
- **Official & Reference Materials:** View lecture slides, reading materials, and study guides.
- **Discussion Forum:** Ask questions and collaborate with instructors and peers.
- **Assignment & Quiz:** Access, complete, and submit all graded assessments.

Quizzes & Assignments

- **Quizzes:** Take online quizzes directly under the Assignment and Quiz tab.
- **Assignments:** Download/View question papers, write your answers (or scan to a single PDF), and upload them to the LMS.
- **Deadlines:** Track all due dates and grading timelines in one place.

Automated Email & LMS Alerts

You will automatically receive email and LMS notifications for:

- **New Uploads:** Newly added study materials and announcements.
- **Deadlines:** Reminders for upcoming quizzes and assignment due dates.
- **Grades:** Updates as soon as your assessments are graded.

Zoom Live Sessions & Recordings on the LMS

Accessing the Links

The screenshot displays the LMS interface for a specific course. The left sidebar contains navigation links: Dashboard, My courses (highlighted), Performance, Events, Notifications, and Messages. The main content area is titled 'Course Overview' and shows the course name 'GenAI-Batch-02-Sem-1-Artificial Intelligence and Computational Intelligence' with a progress bar indicating 0% completion. Below this, there are tabs for Course, Settings, Participants, Grades, Activities, and More. The 'Live Session and Recordings' tab is active, showing a button to 'Open' the session. The right panel features a calendar for September 2026, with the 24th highlighted. Below the calendar, there is a section for 'Upcoming events' which currently shows no events, and a 'Completion Progress' section with a link to 'Overview of students'.

- 1 Navigate to My Courses (Left Panel) → Select your module → Open Live Sessions & Recordings to access the session link and recordings
- 2 You may also find the live session link on the Events page.
- 3 Alternatively, you can also find the live session link from the calendar on the right panel. Click on the respective date to view all the sessions and tasks scheduled for that day.

Calendar & Progress on the LMS

Upcoming events

There are no upcoming events
[Go to calendar...](#)

1

Course Calendar: The course Calendar shows scheduled events by month, week, or day.

2

Upcoming Events: Upcoming Events shows scheduled activities for upcoming days, including assignments, quiz due dates, and live class session links.

3

Completion Progress: The Completion Progress block in a course indicates how much of the course you have completed based on the activities you finish. Initially, when no activities are completed, it appears in blue. Once you start accessing the course content and complete activities, the progress updates and changes to green, reflecting your completion status.

Calendar & Events on the LMS

- **Navigation:** Clicking on Events in the left panel will navigate you to the Events section.
- **Schedule Views:** You can view your schedule by day, month, or course.
- **Calendar Management:** You can import or export your calendar data as needed.
- **Daily Details:** The day-wise schedule provides a clear breakdown of daily activities and events.
- **Visual Guidance:** Use the interface features shown in the image to navigate smoothly.

Notifications on the LMS

Locate the Panel: Look at the left navigation panel on your screen.

Click Notifications: Select the Notifications option from the list.

View Updates: This action will directly navigate you to your notifications page, where you can view all your recent updates and activity.

Automated Email Alerts: Any announcement or update posted on the LMS automatically triggers a notification email sent directly to your registered email ID.

Announcements Section: You can check the Announcements section inside your course dashboard at any time to review all previous notices and updates posted by the team.

Messages on the LMS

Messages & Chat Functionality

Navigating to Messages

- **Accessing Messages:** Select Messages from the left panel to open your messages page.
- **Starring Messages:** You can star important messages to easily find or reference them later.

Types of Chats

- **Personal Chat:** You can chat directly with a fellow classmate.
- **Group Chat:** You can create custom groups with your classmates for team discussions and group messaging.
- **Self-DM (Personal Notes Space):** You can send direct messages to yourself, making it convenient to take quick notes inside your chat during live sessions.

Contacts & Requests

- **Contacts List:** Check your contacts tab to see your connected peers.
- **Sending Requests:** You can send a contact request to a fellow classmate. Once they accept your request, you can start a conversation.

Additional Features

- **Notes:** You can create independent notes directly within the platform in your Dm.
- **Messaging Settings:** Access and adjust your chat preferences and settings as needed.
- **Important Note on Accessibility:** Group chats can be accessed and monitored, but private (one-on-one) chats cannot be accessed.

Raise Tickets on the LMS

Ticksy Portal

- Navigate to Raise Ticket from the left panel in the LMS.
- You will be redirected to the Ticksy Portal.
- Log in using your Ticksy credentials.
- Raise your queries/tickets through the Ticksy portal.
- You will receive your Ticksy login credentials and an official email with the required details.
- Once your account is created, you will be enrolled in the Ticksy portal and can start raising support tickets.

Discussion Forum

Using the Discussion Forum

1. Open the Forum

Click on the Discussion Forum activity inside your course.

2. Add a Topic

Click Add discussion topic to start a new thread.

3. Post Your Message

Add Subject and Body, then click Post to forum.

4. Engage with Peers

Batchmates can view and reply to your post.

Completion Progress Block

Track your course activity status from the right panel of your course page.

Gen AI and Data Science - Data Analytics for AI
Batch-01 Module:1 Data Analytics for AI
Assignment Tracking

		A1.1: Data Cleaning & Preprocessing: Handling Missing Values Submitted
		A1.2: Exploratory Data Analysis: Descriptive Statistics Submitted
		A1.3: Feature Engineering and Selection for ML Models Missed
		Q1.1: Python for Data Science: NumPy & Pandas Basics Submitted
Quiz 		Q1.2: Supervised vs Unsupervised Learning Techniques Missed
		Q1.3: Prompt Engineering for Large Language Models Submitted
		Q1.4: Model Evaluation Metrics and Bias-Variance Tradeoff Submitted

Completed

Progress bar turns green once you complete the activity.

Not Started

Progress bar shows blue until you begin the activity.

In Progress

Activity started but not yet finished — still shown in blue.

The Completion Progress block is on the right panel of the Course Overview page.
